- 2nd Place – Technology Product Competition | 2024 | Secured 2nd Place out of 20+ cohort teams with the "CariJasa" app prototype, advancing to win IDR 10M in government funding (Top 3) for its startup proposal.

Work Experiences

PT Tiga Pilar Keamanan (Fourtrezz) - **Yogyakarta, Indonesia** Sep 2025 - Mar 2026

Full-Stack Developer Intern

Fourtrezz is a cybersecurity service company based in Yogyakarta, established in 2022, specialize in Vulnerability Assessment and Penetration Testing services.

- Developed an end-to-end web system using Laravel, PHP, and MySQL to automate asset loaning, inventory tracking, and employee management.
- Conducted a comprehensive needs analysis across staff and HR, replacing manual and error-prone tracking processes with a streamlined digital workflow.
- Built a real-time availability tracking dashboard serving 20+ employees, completely bypassing manual HR inquiry routing.
- Delivered centralized oversight tools for HR to manage physical assets and staff records efficiently, significantly reducing administrative overhead.

Organisational Experience

Usher The Grace GKI Gejayan - **Yogyakarta, Indonesia** Mar 2024 - Present

Usher Graceful Coordinator

A ministry team at GKI Gejayan Pos The Grace Church whose primary responsibility is to serve and assist congregants throughout worship services.

- Managed and coordinated a team of 30+ volunteer ushers for weekly services accommodating 250+ congregants, maintaining the highest operational stability and safety standards among all church usher teams.
- Created and optimized duty schedules, assigned specific roles, and streamlined deployment to ensure seamless service execution and hospitality.
- Trained and onboarded new usher members, equipping them with service standards, situational awareness, and effective guest-handling skills.
- Collaborated closely with pastors, ministry teams, and event committees to align logistics and support special church events as an active committee member.
- Acted as the primary communication bridge between the Head Usher and Graceful team members, resolving on-the-ground issues proactively and maintaining zero critical incidents.
- Handled real-time decision-making during services, including seating capacity management (extra chair deployment) and accurate headcounts of congregants and service personnel.
